

June 2006

Alberta Environment is pleased to recognize that:

Alberta Newsprint Company
Whitecourt Newsprint Mill

is an **envirovista** program Leader, a facility that has voluntarily gone beyond its operating approval requirements to act as an example for other facilities across the province.

A handwritten signature in white ink, appearing to read "Guy Boutilier".

Honourable Guy Boutilier
Minister, Alberta Environment

Alberta Environment is proud to announce the 2006 participants in the envirovista program.
